

SNAKE REPELLENT

SNAKE REPELLENT

**PLANT-BASED
FORMULA**

**UNPLEASANT
TO SNAKES**

**SAFE FOR
WILDLIFE**

**CREATES
PROTECTIVE BARRIER**

PRODUCT DESCRIPTION

Natural plant-based formulation designed to deter snakes from entering treated areas. Contains aromatic compounds unpleasant to snakes' sensory organs creating protective barrier without harming wildlife.

APPLICATION AREAS:

- Agricultural fields, Gardens, Residential areas,
- Farm boundaries

MODE OF ACTION

Contains naturally derived essential oils that irritate snake's sensitive Jacobson's organ (vomeronasal system) and respiratory system, creating unfavorable environment causing avoidance behavior.

TARGET:

- Various snake species (non-selective deterrent)
